

## Provider Communication

<b>Subject:</b> GAMMP Program Terminated	<b>Priority:</b> <b>High</b>
<b>Date:</b> February 26, 2010	<b>Message ID:</b> ACSBNR02262010_2

### *Dear Providers,*

Effective March 1, 2010, the Georgia Medicaid Management Program (GAMMP) will be terminated. The GAMMP was an administrative service organization for members in the fee-for-service population and provided care coordination, case management and disease management.

GAMMP members enrolled in the Georgia Better Healthcare (GBHC) program are eligible for enrollment in the Georgia Enhanced Care (GEC) program – a disease management program in existence since October 2005. This program offers registered nurse case managers on a twenty-four hour/seven days per week/three hundred sixty-five days per year basis. The program also offers education to both members and providers. Children under the age of nineteen (19) years may opt in to the GEC program. Adults nineteen years and older will be automatically assigned to GEC.

There are two GEC regions in the state. Region 1 includes north Georgia and the metro Atlanta area. APS Healthcare is the Region 1 GEC vendor and they can be contacted at 866-220-1747. Region 2 includes south and central Georgia. The Region 2 GEC vendor is United Healthcare/Americhoice. Please contact them at 800-718-5848.
